ADDITIONAL INFORMATION

Water damage from hidden leaks can be expensive, inconvenient, and even permanent. The Leak Defense System continuously monitors your properties for hidden leaks and automatically shuts off the water and alerts you if one is detected. Easily control the water flow using the on-site control panel or access it on the go with the mobile app. With multiple ways to monitor, you'll always feel protected against potential loss, expense and hassle from water damage. Our full line of accessories allows Leak Defense to work with any type of residential or commercial plumbing system.

HOW DOES IT WORK?

- Customizable to fit any size or type of property
- Detects hidden leaks under slabs, behind walls, and in ceilings
- Be protected 24/7/365 no matter where you are
